UNCLE SAM AND GREATER AMERICA

Good morning!

UNFORTUNATELY for some of the journeymen politicians, there are no strings tied to THE LEDGER.

A LEXINGTON man recently delivered a lecture on "Purity in Politics." If he should happen down in the Ninth District his topic should be changed to "Purity in Politics."

WHAT a pity the French Nation hadn't heard of SAM PUGH. They surely would have wanted him as successor to the late President FAURE. At all events, it is little short of miraculous that Sam didn't shy his heavier into the ring for the victory.

WHILE thanking those who tendered assistance on the occasion of our recent breakdown, we are also under obligations to the many subscribers and advertisers who have suffered delay and inconvenience, and who have so generously borne their disappointment.

"ONE touch of Nature makes the whole world kin." THE LEDGER had no idea of the many and strong friends it possessed until it met with its recent mishap. For the many expressions of sympathy and repeated tenders of assistance, we return most sincere thanks.

THE damage to THE LEDGER's big steam press has been repaired, and we are all right again so far as machinery is concerned; but the big hole in our pocket book needs immediate attention. Please look at the date following your address on the paper, and if you owe anything on subscription kindly remit the amount. It will help us out, and we will be under many obligations.

THE Louisville Post's Frankfort correspondent evolves a very pretty program. He says John C. WALTERS, Eliot and Mr. P. W. H. are the Democratic State Election Commissioners, are to resign in case P. W. HANLEY is nominated for Governor, as that Governor BRADLEY can appoint a Board of Republican Commissioners, and thus make the Gobell Bill the instrument for electing the Republicans state ticket. It's a good thing; let's push it along.

THE Editor of THE LEDGER renders his sincerest thanks to Colonel GEORGE S. ROSEN, personally, for his individual tender of assistance on the occasion of the recent accident to our press. Colonel ROSEN is a worthy competitor, whose heart is in the right place; and if THE LEDGER can ever serve him in any way it will be a genuine pleasure to do so.

In this connection we desire also to thank personally Editor M. F. MAHER of THE Bulletin for fraternal courtesies.

The French state railways, operated under control of the French Government, have placed an order with B. L. Baldwin Locomotive Works at Philadelphia for ten high-speed passenger engines, to be finished in a few months.

For frost bites, burns, indolent sores, eczema, skin disease, and especially Piles, Dr. W. Witch Hazel Salve stands first and best.

Look out for our advertisements which will be inserted in THE LEDGER. We have many a good article. Worthless goods are not listed.

GOV. BRADLEY.

ITS Close Friends Claim He Has No Idea of Leaving Kentucky at the End of His Term

FRANKFORT, Ky., March 28.—Gov. Bradley's close friends here do not credit a San Francisco dispatch which says he has determined to leave Kentucky permanently and locate in that city. He will return here Saturday from the coast, which he has been going to California on a prospecting tour which was a part of his proposed trip when he left here two weeks ago and the fact that he has abandoned that trip, his friends understand, means he has no idea of leaving Kentucky.

Turman Bourier Estate.

LOUISVILLE, Ky., March 28.—An inventory of the estate of the late Emilie Bourier, the widely known tureen maker, was filed Monday morning in answer to a rule. It shows that the estate is much smaller than was reported previously. It consists of the most popular of stock and bonds to the value of \$70,000. Most of these have shrunk so that the real value is about half that amount. Among the assets is \$10,000 worth of stock in the New Louisville Jockey club and about \$11,800 worth of real estate.

Marriage License Bargains.

LEXINGTON, Ky., March 28.—"Marriage license \$1, two-thirds the usual price, until next Friday," reads a placard in County Clerk Clark's office. Capt. Clay Womack.

LEXINGTON, Ky., March 28.—Capt. Charles D. Clay of the 17th infantry, wounded Friday before Manila, is a grandson of Henry Clay. He served in Cuba and for gallantry was promoted from first Lieutenant. He married Miss Pepper, a daughter of the late Col. P. Pepper, of Franklin county.

161 Years Old.

LEXINGTON, Ky., March 28.—Mrs. America Cartwright, of Dry Run, is dead at the alleged age of 166. She had survived every presidential administration, and was no doubt the oldest person in this end of the state. She leaves hundreds of descendants in Greenup, Carter and Lewis counties.

Distillery to Reopen.

Capt. Dan Turner Dead.

PARIS, Ky., March 28.—Capt. Dan Turner, the well known horseman, died here Monday from the effects of a stroke of paralysis. Capt. Turner was an ex-confederate.

### TOBACCO SETTERS!

Rumbling, Roaring, Resounding, Reverberating Noise you hear is only The Price Fighter knocking down prices. That cringing, quaking, terrifying noise you hear is our competitor

one year ago today Tobacco Transplanters sold in Mayville at \$60 because The Price Fighter was not in the tobacco settler business. Today The Price Fighter

agents and guilty trims the price down to \$42.90. Ah! the plenty is over. Surely this is enough to cause a deep and painful breath. The Price Fighter

controls Mason, Bracken and Fleming counties for the latest improved tobacco setting machine—a machine that embodies all the good features of the older style

machines, with none of their bad features—a machine that is guaranteed to work—a machine that is sold upon its merits.

The Price Fighter has contracted for a carload of these machines for spot cash, and after trimming off all the superfluous profit finds that he can sell 'em for \$42.90 and still make his little 10 per cent.

He bought 'em right and is in position to undersell the world. Of course competitors will have to offer you some excuse for seeking old time war prices.

Some will offer the old worn out gag of a better machine, be beware! Poison! Listen! Call and look at the 1899 Tobacco Setter. Examine its improved features.

That laughing, joyous, shouting noise you hear is a happy, contented people celebrating The Price Fighter's entry into the Tobacco Setter business. They have long since celebrated his entrance in the Furniture and Wagon business.

# FIRE IN CHICAGO.

The Armour Curled Hair and Fell: Works Entirely Destroyed by the Flames.

## THE LOSS FEELS UP NEARLY SHOCKING.

Several of the Employers Were Injured, Some by Jumping From Third-Story Windows.

The Fire Started by a Nail Which Caught in a "Picker," Causing Friction Between the Inflammable Material—Insurance \$300,000.

Chicago, March 28.—Fire destroyed the Armour curled hair and fell works, thirty-first floor and basement, Monday night, causing a property loss of nearly \$400,000. Injured 11 employees, one fatally, and endangered the lives of 400 others, who rushed to escape through the blindfold smoke.

The injured: Jeremiah Steele, manager of third-story window, legs and arms broken; will die. Joseph K. bath, manager of second floor, will die; John Rhodes, Jr., jumped from single-elevator shaft; right shoulder sprained; August Schenck, ankle sprained; scalp wound. Mamie Ryan, arms and hands burned; George Schwarz, hands, face and arms burned. Margaret Delehaney, both arms cut out by heat. Charles H. Rose, both hands burned; left side of face scorched. Harry Lee fell from second-story window; scalp wounded.

Employers on the floor on which fire started, said that a nail was caught in a "picker," caused friction igniting the inflammable material which the machines were being used to bales of curled hair and three others the entire floor, down with hand tools, sets aside, and women left the posts to rush to the exits. Many ran down and descended by ladders, but most groped their way through the smoke to the stairs and out the corner entrance.

Jeremiah Steele was bending over his carding machine when the fire broke out. Still by smoke, he gave a yell, a window was broken and hung by his finger tips, and while firemen stretched a hose, he shouted to Steele to drop. He did, but crashed to the stone sidewalk.

The Armour felt works burned out a year ago. It was replaced by a substantial five-story structure, 110 by 225 feet, which was completed only last August. Equipped with special reference to fire protection, in the way of automatic fire alarms, the escape, the total destruction worked by Monday's blaze was a source of keen regret to the owners. The loss is total. The insurance is \$300,000.
